# 10 DOWN

10 Down is an elegant card game of sequence and set collecting. Draw and discard on each turn to create a Run of 1 to 10.

Call "10 Down" and that's a hand worth 1 point. Earn bonus points by making Color Runs of 3 or more with the same 10 cards. Call your hand right away or press your luck to improve your Color Runs. It's up to you.

Mission Cards add another level and strategy and fun.

Casual yet strategic, 10 Down is a modern twist on Rummy, with a classic feel.

# JUNK IN MY TRUNK

The circus grounds are a mess after another great show. Clean up duties fall to the elephants. Using their trunks like vacuums, they suck up all the junk. Once their trunks are full, the elephants play a game to see who can get all of that junk blown out to the trash first.

Designed by David Coleson, Junk In My Trunk is a whimsical, quick and entertaining casual game inspired by the classic Swedish card game Vändtia.

# LOUD ABOUT™

A GAME OF ACTION MEMORY

Loud About is a fast-paced party game of “action memory” that will make you and your friends do and say wild and hilarious things. It’s ideal for both family parties and late-night shenanigans. Players must select actions and words to be loud about. The goal is to quickly act out and shout out those actions and words faster than your opponents.

In each round of Loud About, a Topic Card is drawn, for example “Dance Moves”. Everyone at the table then chooses a dance move and an action based on that dance move. The key is to remember everyone else’s dance move and action, because on each turn, you’ll have to ACT IT OUT and SHOUT IT OUT!

The player to collect the most victory cards wins the round.

# QUARTEX™

Quartex is an award-winning and engaging abstract strategy tile game for the whole family. A board game and puzzle in one.

Play your tiles by matching and placing them beside other tiles already in play. If your tile completes a four-corner shape, you earn a point token of that color. But here's the fun twist – as the number of tokens collected increases, their value decreases.

So every time you complete a shape and earn a token you can affect the score of every player at the table.

Because players decide where tiles are placed, the shape of every game of Quartex is unique!

Fantasy Fantasy Baseball is a game where players battle through a season of fantasy baseball with a roster of - that's right - fantasy creatures.

Fantasy Fantasy Baseball is one part fantasy, one part fantasy baseball, one part baseball cards, with a pinch of satire.

Instead of the typical fantasy baseball experience taking months to play, the entire Fantasy Fantasy Baseball experience is boiled down to 10 minutes per player. The amazing fantasy creature art provides something for the baseball fan and gamer in all of us.

Baseball fans will enjoy all the subtle and not-so-subtle baseball references, but you don't have to be a sports fan to have a lot of fun with this game.

NHL Fastrack is a new take on table hockey. Described as “finger hockey” by some, NHL Fastrack is a game of non-stop action, accuracy and speed. Use the elastic cord to fling the pucks through the opening at center ice and on your opponent’s side. Get all the pucks on your opponent’s side and you win the period.

Your accuracy needs to be right on the mark as the opening at center ice is only a quarter of an inch wider than the pucks. It takes poise and a steady hand to win at NHL Fastrack. This all-wooden, well-constructed game makes for great competitive hockey fun.

Fastrack is a multiple award-winner, including being named a finalist for the prestigious “Specialty Toy of the Year” by the Toy Industry Association.
