Loud About is a fast-paced party game of "action memory" that will make you and your friends do and say wild and hilarious things. It's ideal for both family parties and late-night shenanigans. Players must select actions and words to be loud about. The goal is to quickly ACT OUT and SHOUT OUT those actions and words faster than your opponents.

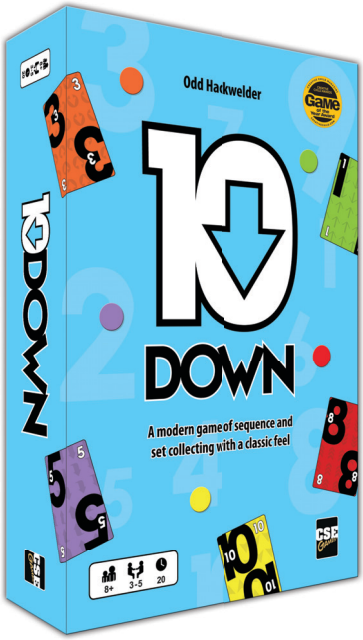

Loud About is a new party game twist on the classic British card game Menagerie from the 1950s. Think Menagerie meets Charades meets Memory.

In each round of Loud About, a Topic Card is drawn, for example "Dance Moves". Everyone at the table then chooses a dance move and an action based on that dance move. The key is to remember everyone else's dance move and action.

On their turn, each player flips a card from the top of the deck, if the symbol matches with someone else card, a Face-Off occurs. In the Face-Off, the player who calls out and acts out the "dance move" of their opponent first, wins the card as a victory point. The player to collect the most victory cards wins the round.

Quartex is an award-winning and engaging new abstract strategy tile game for the whole family. A board game and puzzle in one.

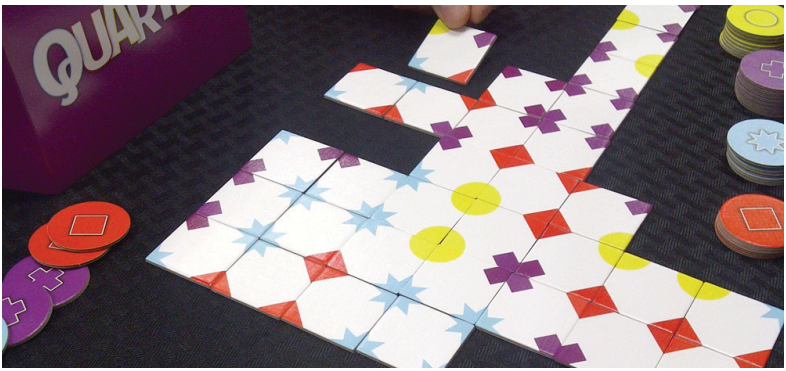

Play your tiles by matching and placing them beside other tiles already in play. If your tile completes a four-corner shape, you earn a point token of that color. But here's the fun twist – as the number of tokens collected increases, their value decreases. Sometimes, less is more.

Every time, you complete a shape and earn a token you can affect the score of every player at the table.

Because players decide where tiles are placed, the shape of every game of Quartex is unique!

JUNK IN MY TRUNK

NEW!

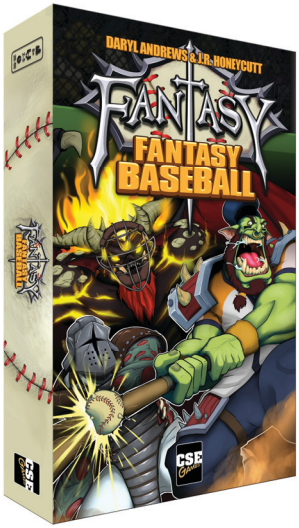

The circus grounds are a mess after a great show. Clean up duties fall to the elephants. Using their trunks like vacuums, they suck up all the junk. Once their trunks are full, the elephants play a game to see who can get all of that junk blown out to the trash first.

A casual game based on the classic Swedish card game Vändtia. First player to get rid of all their cards first wins the game. The excitement kicks in at the end of the game when you are trying to get rid of the final face-up cards as well as cards that are face-down that you may not know what they are. Special "wild" cards also add to the fun by allowing you to peek, swap and flip.

In a nutshell, Fantasy Fantasy Baseball is a game where players battle through a season of fantasy baseball with a roster of fantasy creatures.

Instead of the typical fantasy baseball experience taking months to play, the entire Fantasy Fantasy Baseball experience is boiled down to 10 minutes per player. The amazing fantasy creature art provides something for the baseball fan and the gamer in all of us.

Fantasy Fantasy Baseball breaks down to: one part fantasy, one part fantasy baseball, one part baseball cards, with a pinch of satire.

Baseball fans will enjoy all the subtle and not-so-subtle baseball references, but you don't have to be a sports fan to have a lot of fun with this game.

Fantasy Fantasy Football and Hockey coming soon

FASTRACK™

NHL Fastrack is a new take on table hockey. Described as "finger hockey" by some, Fastrack is a game of non-stop action, accuracy and speed. Use the elastic cord to fling the pucks through the opening at center ice and on your opponent's side. Get all the pucks on your opponent's side and you win the period.

Your accuracy needs to be right on the mark as the opening at center ice is only a quarter of an inch wider than the pucks. It takes poise and a steady hand to win at NHL Fastrack. This all-wooden, well-constructed game makes for great competitive hockey fun.

Fastrack is a multiple award-winning card game, including being named a finalist for the prestigious "Specialty Toy of the Year" by the Toy Industry Association.

WARNING: NHL Fastrack is highly addictive. You'll want to play it over and over again.

NHL® VINTAGE HOCKEY PUZZLES

The artwork of renowned hockey artist Daniel Parry is featured in his paintings Vintage Hockey Skates and Vintage Hockey Gloves. CSE Games is proud to be working with Daniel to bring his classic work to NHL fans. A fantastic way to get the family around the table for some casual fun.

From the artist Daniel Parry:
"I wanted to capture the essence of old-time hockey through the depiction of the classic leather skates and wooden stick. I have always been fascinated by the heritage of the sport as well as the textures and feel of old and worn equipment. This painting is a tribute to the era of hockey I grew up watching."
